Ready or Not

May 16-20

- Network security, SIPRNet and NIPRNet compliance, traditional security practices
- Inspectors will meet with leadership and personnel in random organizations, conducting network scans and visit facilities. Visits to work centers across Dugway are expected.
- Dugway personnel should carry out their week like any other to accomplish their respective tasks in support of their organization's mission. However, increased vigilance is always a good thing.

Consider 16-20 MAY to be CYBER Vigilance Week

What Has Been Done?

- Intensive Preparations have been ongoing
 - SIPR completely rebuilt
 - NIPR brand new Storage/Server Hardware
 - Rebuilt every server Operating System
 - Bandwidth Expansion
 - Imaging, patching, updates, permissions
 - AppLocker, BitLocker, EMET

Housing Renovation

- The Mountain View housing renovation project will be complete by 1 May 2016.
- Residents moved for the renovation will be moved back into their houses beginning 2 May and will be moved 2 per week until finished.
- Residents will be moved back according to move out date, (who moved first).

UNCLASSIFIED

DPW

Housing Demolition

- All remaining houses in West Wherry have been identified to be demolished,
- Remaining residents will be required to relocate either East Wherry or Mountain View.
- Contractor personnel will move at their own expense.
- Government personnel may be moved at Government expense, however they may move at their own expense to secure choice of housing.
- Two bedroom housing units in East Wherry are scarce.

Summer

Summer is fast approaching and residents are reminded:

- Yards must be maintained to present an esthetic beauty and to assist in preventing rodent infestations.
- Grass should be cut and grass cuttings and leaves be raked and disposed of.
- Lawns must be watered in order to prevent grass from dying.
- The Self-Help store has various items to help maintain your yard.

Summer

- Swamp coolers are not air conditioners and they will only lower the ambient temperature about 20 degrees.
- Each housing unit is equipped with a water softener because the Dugway water is full of heavy minerals. These water softeners utilize a special salt to operate effectively. The salt level should be kept at least half full. Salt is available for free at the self help store.
